

Engage Your Members

Don't Lose Them

Your members are the lifeblood of your organization. If you lose contact with them, they're likely to leave you forever. Our services provide organizations with a simple, effective way to make sure their members stay in constant contact.

Keep It Fresh

Make sure you have up to date information! Contact verification is a fast, efficient, and necessary tool to ensure that your lists stay fresh and up to date and a great way to gather emails.

Find Them

A grassroots army at your fingertips! Imagine waking up each morning with a list of hundreds or thousands of new supporters waiting in your inbox including emails! Telephone petition drives are essential to finding the people that are going to support your cause.

Get Them There

Pack your events! Live event turnout calls are by far the most effective way to procure a large gathering. We personally call each and every member that you have and deliver a personalized invitation over the phone.

Notify Them

Automated calls are the fastest, most affordable way to deliver your message to a large audience. Perfect for delivering important news to your members!

Have questions? Call us at 888-722-4704 or complete our online form at campaign-headquarters.com

"Our goal is to do much more than simply dial the phone. We want to be a trusted member of your team, a partner in your success."

Nicole Schlinger, President, CampaignHQ
